DETAILED ACTION

1. Claims 1-32 are allowed over the prior art of the record.

Reasons for Allowance

2. The following is an Examiner's Statement of Reasons for Allowance: The primary reason for allowance of the claims is that prior art neither teach nor fairly suggest the particular combination of the wafer clamping force detecting system as presented in the independent claims 1 and 11, and 22. Major emphasis is being placed upon the provision of "*pressure detecting component*" provided on a "*basis*" which is disposed between several "*pivotal rods*", in combination with other limitations of the said claims and their dependent ones.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
